RELEVANT EXPERIENCES

Elta 360   Istanbul, Turkey
Junior Front-End Engineer   *(Oct 2020 – Dec 2020)*

- Completely rebranded the current website of Elta 360.
- Worked on the Front-end, including but not limited to: the login pages, the registration pages, the homepages and the 360 Virtual Tour component of the web application.
- Worked to help the other, newer coders by teaching React.

Anodot   Tel Aviv, Israel
Data Scientist and Software Engineering Intern   (June 2019 – August 2019)

- Created a UI, using React, R and JavaScript, that helped interpret the anomaly data easily and made the process of interpreting more accessible and ergonomically advanced.
- This UI was used by the Sales Engineers to help explain the main product of Anodot, the anomaly detection, to the customers.

Hearo Application   Istanbul, Turkey
Founding Member and Developer   *(Feb 2018 – Sep 2018)*

- Founded an application to easily transcribe and forward voice messages.
- Handled interfacial development of the application using React Native.
- The application was deployed and can be used on iOS.

Inveon   Istanbul, Turkey
Front End Developer Intern   *(Jun 2017 – Aug 2017)*

- Responsible for software quality control. Located and fixed several bugs in applications already on Google App Store.
- Added a number of new features, such as dynamic application size and deployed Google Firebase Analytics. As well as managing ongoing projects such as Yaris Ati & Momento app.

LEADERSHIP POSITIONS AND PROJECTS

Northwestern University   Evanston, IL
Peer Mentor   *(2017 - 2020)*

- T.A. for Fundamentals of Computer Programming I and II, Introduction to Artificial Intelligence and Human Computer Interaction
- Responsible for homework, and exam questions.
- Research assistant on challenging topics.

IEEE Northwestern   Evanston, IL
President and Project Manager   *(2017- 2020)*

- Developed and managed the Tagalong Application which helps safe travel by communicating geolocations.
- Lead the organization for a whole year. During the year several events were held including a project showcase, where the best computer science students displayed projects they created throughout the year.
